AMPUSAFE XL Ampoule Kit

Description

Robust ampoule kit with adequate capacity for keeping available wider range of phials than in the smaller AMPUSAFE.

Inside of solid case made of EVA hard foam and thanks to padded dividing layer ampoules and additional supplies are safely stored and shock-protected. 42 elastic loops of different sizes provide space for phials with a capacity of up to 10 ml.

Divider in middle of the ampoule kit is equipped with a plastic sleeve at both sides which allow for easy recognizable stowing of important information such as dosage instructions etc.

Thanks to its large zipper pull the zipper can easily be opened.

Handle in contrasting color allows for fast grabbing of AMPUSAFE XL out of emergency bags.

Features:

- shock-protected with 42 elastic loops in two sizes
- zipper with large zipper pull tab
- carrying handle

Scope of delivery

Ampoule kit without further or pictured supplies
