

DIGI Digital Radio Holster

To keep digital radio safely stored during operations

- ✓ convenient: individually adjustable carrying strap
- ✓ perfect fit: suitable for common digital radios
- ✓ strong hold: thanks to retaining strap with robust buckle

use case:
holster with digital radio

rear of holster:
belt loop with 2 metal snap fasteners

DIGI Holster with detachable
shoulder carrying strap

Description

With this holster your digital radio is quickly accessible and easily operated. The radio compartment can be adjusted to the individual size of your radio with elastic ribbons and cords. The emergency button on top of device remains easily accessible at all times. Open design allows to carry a radio with a connected speaker microphone. Webbing-tape loop at carrying strap allows for attaching of speaker microphone.

Holster can be attached to a belt or jacket with the 30mm wide loop – secured with 2 metal snap fasteners. Due to the 20mm wide, detachable and adjustable carrying strap (95 to 180cm) the DIGI Digital Radio Holster can also be carried over your shoulder or neck instead of a belt if necessary.

Features:

- padded radio compartment
- one-handed opening of buckle
- detachable shoulder carrying strap
- webbing-tape loop at shoulder carrying strap
- belt loop with 2 metal snap fasteners

Scope of delivery

Holster with shoulder carrying strap, without further or pictured supplies
