DOKU Operations Control Folder

Description

Clear and with lot of space e.g. for documents or site plans etc., DOKU Operations Control Folder is the tried and tested companion for daily use. Regardless whether it is for fire brigade, ambulance or civil protection etc., DOKU is ideally suited for on-site documentation.

Integrated carrying strap facilitates use and documentation on site significantly. The folder can be carried in writing position in front of waist and stabilized in position with holding strap around neck. This allows for writing in a comfortable position. The folder's weight rests on neck and waist.

Features:

- all-round zipper and hook-and-loop latch for closing of folder
- Interior
 - compartment for documents
 - pen holder
 - compartments for office supplies (calculator, text marker etc.)
 - ring binder (ten punched pockets included in delivery)

- rear: - transparent, sealable document compartment
 - transparent envelope and metal clip
- carrying strap
- 50 mm high reflective stripe
- exterior plastic-pocket in business-card format
- hook-and-loop tape for individual labelling

Scope of delivery

Organizer with carrying strap and ten punched pockets; without further supplies
