- ✓ clear: transparent cover with inlying labeling pocket
- ✓ durable: robust tarpaulin with high stiffness

EURO L compartment, green: use case

EURO L compartment, blue

EURO L compartments: blue, green, red

## Description

The **EURO L** is the perfect accessory to clearly arrange any euro container beginning from 60 x 40 cm base.

10 cm high bag can be used alone or combined with the smaller EURO S compartment bag to perfectly fill euro containers.

For storage of equipment such as for example all-in-one kits for execution of measures of "occupational hygiene" or consumable material in fire truck etc. EURO L compartment is the perfect solution.

Transparent cover made of plastic, semitransparent sides and base allow for best possible overview of content. Thanks to its balanced rigidity compartments keep their shape even when they are almost empty. Plain surfaces facilitate safe disinfection of compartment.

Two extra long carrying straps serve as handles for carrying bag and also for removal out of euro containers.

Printing template for label field is available at "Download & Service" on TEE-UU website for download at: <https://tee-uu.com/en/service>

## Features:

- robust and semitransparent sides and base
- transparent cover
- label field (approx. 9 x 6.5 cm) on inside of cover
- 2 long carrying loops

## Scope of delivery

Compartment; without further or pictured supplies
