EQUIBAG EVO

EURO S Compartment, blue: rear, use case

EURO S Compartments: blue, green, red

Description

EURO S is the perfect accessory to clearly arrange any euro container beginning from 40 x 30 cm base.

10 cm high bag can be combined with the larger EURO L compartment bag to perfectly fill Euro containers. Thanks to availability of bag in three colors equipment can not only be clearly organized, but also be split color-coded according to purpose of use.

EURO S is tailored to use with EQUIBAG EVO (4702-9016): three of them perfectly fit into bag for neatly stowing of equipment such as:

- kits for execution of measures of "occupational hygiene"
- splash protection suits
- pre-assembled PPE operations such as CBRN etc.

Plain surfaces facilitate safe disinfection of compartment.

Two extra-long carrying straps serve as handles for carrying bag and also for removal out of euro containers or EQUIBAG EVO.

Printing template for label field is available at "Download & Service" on TEE-UU website for download at: <https://tee-uu.com/en/service>

Features:

- robust and semitransparent sides and base
- transparent cover
- label field (approx. 9 x 6.5 cm) on inside of cover
- 2 long carrying loops

Scope of delivery

Compartment; without further or pictured supplies
