- ✓ sophisticated: elastic loops for surrogate batteries
- ✓ easy to grab: big cover flap
- ✓ compact design: perfectly suited for TEE-LIGHT M230

LED Holster: rear

LED Holster: use case

LED Holster

Description

This robust holster securely holds the TEE-LIGHT flashlight in a 4mm thick and padded compartment with hook and loop fastener.

Plastic ring at the bottom of main compartment prevents the flashlight from turning on accidentally while stored inside the holster.

Two elastic loops at exterior can be used to store batteries or pens (up to length: 13 cm).

The holster can be attached to a belt or jacket with the 25mm wide strap – secured with metal snap fastener.

Features:

- main compartment for flashlight
- 2 elastic strips
- belt loop with metal snap fastener

Scope of delivery

Holster without further or pictured supplies
