

MARKER PEN Holster

The easy way to mark - anywhere, no matter which surface

- ✓ universally usable: works on almost any surface
- ✓ easy to differentiate: available in two colors
- ✓ easy to use: no cap, no sharpening of pen

MARKER PEN variety of colors: red and yellow

Description

This marking pen can be applied when operating in hazardous atmospheres to label already searched rooms or during technical assistance operations to mark application points for hydraulic devices.

The MARKER PEN writes on almost any surface: metal, wood, plastic, concrete, rubber, glass, and paper. It doesn't matter whether the surface is wet, oily, rusty or rough.

Two different colors (yellow and red) allow you to differ between marks set by different rescue teams or similar purposes.

Optimal operational conditions from -45°C up to +65°C.

Features:

- for metal, wood, plastic, concrete, rubber, glass, and paper
- it doesn't matter whether the surface is wet, oily, rusty or rough
- available in two colors: red, yellow

Scope of delivery

MARKER PEN without any further or pictured supplies
