- ✓ comfortable and secure: padded main compartment
- ✓ universal: suitable for variety of devices

Rear of holster with 2-way belt-loop

Use case: PAGER ALPHA with pager

PAGER ALPHA Pager Holster

## Description

In this compact belt pouch, the radio receiver / pager is worn comfortably and unobtrusively at your belt. The padding and the securely closing lid flap of the holster guarantees for protection of pager inside. Lid can be opened quickly and intuitively with one hand, allowing for free access to pager.

The holster is suitable for a variety of radio receivers / pagers, such as for example:

- P8GR Tetra Pager from Airbus Defense & Space
- Quattro series pager from Swissphone

According to your individual preference, the PAGER ALPHA holster can be worn upright or across. The tightly fitting belt loop ensures a firm fit in use in both variants.

### Features:

- padded main compartment
- two-way belt-loop made of hyperlon

## Scope of delivery

Holster without further or pictured supplies
