- ✓ special: imprint 'limited edition'

PARA 'limited edition' Holster: rear

PARA 'limited edition' Holster made of tarpaulin

### Description

Based on our bestseller PARA we developed this 'limited edition': yellow colored and made of tarpaulin!

This convincing holster provides you with the extended equipment on duty. Protective gloves are immediately at hand yet safely stored. The exterior pocket provides space for a radio receiver or other small items. Multi-tool compartment with hook-and-loop fastener and three more compartments in two layers provide sufficient space for medical instruments. Two exterior elastic loops – for penlight, timber wedges or other small items – complete this well-designed holster.

The integrated GLOVE-FIX system (at exterior) allows for immediate access to protective/nitrile gloves.

The holster can be attached horizontally or vertically to any belt with its carrying straps on the back - ideal for TEE-UU QUICK or BLACK Paramedic Belt.

#### Features:

- 1 multitool-compartment
- 3 compartments

- 1 front pocket
- 1 GLOVE-FIX System
- 2 elastic-loops
- 2-way belt-loop
