use case: PULL Glove Holster

2-way belt loop

front view

Description

Suitable for up to five pairs of protective gloves, the PULL Glove-holster is a valuable companion at your paramedic-belt during operations.

Equipped with an additional, abrasion-resistant compartment for dress scissors and two further compartments for pupil-light (\varnothing max. 15 mm) and pen holder, important equipment is always immediate at hand, mounted to your paramedic belt.

Features:

- dispenser compartment for up to five pairs of nitrile gloves
- 2 compartments for pens or pen light
- abrasion proof compartment e.g. for tough cut scissors
- abrasion proof two way-belt loop

Scope of delivery

Holster without further or pictured supplies
