All-in-one holster for digital radio and additional equipment

- ✓ compatible: suitable for common digital radios
- ✓ tidy: two-part compartment e.g. for gloves and multitool
- ✓ durable: puncture-proof compartment for tough cut scissors

rear with 2-way-belt-loop

use case: RADIO PLUS with radio and tough cut scissors

RADIO PLUS: front

Description

RADIO PLUS is the versatile solution that allows for carrying of digital radio and additional equipment as well as tough cut scissors together in one comfortable but small holster.

Padded radio compartment and fastening with robust buckle guarantee for firm hold of radio. Thanks to elastic sides and elastic fastening straps compartment is infinite adjustable to height and perimeter of common digital radios.

Emergency button on top of device remains easily accessible at all times, due to divided holding straps. Open design allows to carry a radio with a connected speaker microphone.

Fixation of TEE-UU logo with hook-and-loop fastener allows to remove it if required, e.g. due to use at field of operation etc.

Features:

- padded radio compartment with durable buckle with adjustment range:
 - from (W x H x D): 5.5 x 12.5 x 4 cm
 - to (W x H x D): 7 x 17 x 6 cm
- two-part compartment (W x H x D: 6.5 x 14 x 4 cm) with closeable

cover flap (hook-and-loop fastener)

- puncture-proof compartment for tough cut scissors
- TEE-UU logo is detachable
- loop-tape (2.5 x 2.5 cm) on front
- two-way belt loop for horizontally or vertically mounting of holster
