RESPI Respirator Case

Description

Large holster to hold a respirator mask: the perfect replacement for impractical plastic carrying-case. Respirator mask is well protected by the full interior padding of the holster.

Glasses can be securely stowed in detachable spectacle case when you wear the respirator mask. A net pocket and fastener for your protective cap can be found within the holster's cover. The EASY Glove Holder can be attached to the exterior eyelet.

Thanks to the infinitely adjustable dual carrying strap holster can be worn on both, hip or shoulder. Two wide Vario hook-and-loop straps allow for the attachment to belt etc..

Personal name tag can be attached to hook-and-loop fastener on top. Large marking area within the cover allows for permanent labelling.

Features:

- full padded interior compartment
- marking area for labeling
- loop for the EASY Glove Holder
- variable carrying options with the Dual carrying strap

Scope of delivery

RESPI Respirator Case, detachable spectacle case and carrying strap; without further or pictured supplies
