

STRAIGHT HORIZONTAL Glove-Holster

Minimalist glove-holster for wearing your gloves across at your belt

- ✓ slim: unobtrusive but valuable
- ✓ adjustable: removeable D-ring for attaching of keys etc.
- ✓ solid as a rock: firm hold of gloves thanks to hook-and-loop strap and metal eyelet

STRAIGHT HORIZONTAL Glove-Holster: use case with gloves at BLACK Paramedic Belt

STRAIGHT HORIZONTAL Glove-Holster: use case with gloves

STRAIGHT HORIZONTAL Glove-Holster

Description

This compact glove-holster is the ideal accessory, which is designed to attach gloves of various size firmly and quickly to your belt. Thanks to solid metal eyelet and wide hook-and-loop strap gloves can be lashed together by pulling the strap and so tightly worn at belt and protected against loss.

Max. circumference of about 18 cm makes the STRAIGHT suitable for thin, but also many of thick gloves.

Wide loop tape at rear guarantees for keeping STRAIGHT in place at any TEE-UU Paramedic Belt without need of additional fixation.

Detachable D-ring can be used for attaching of various items such as keys etc.

Scope of delivery

Holster without further or pictured supplies
