TROLLEYBAG EVO: robust rolls

TROLLEYBAG EVO, empty, opened

TROLLEYBAG EVO

Description

Perfect solution for anyone who occasionally needs to take a lot of equipment and prefers to pull their bag along rather than carry it. Whether you are on your way to a training centre, ambulance or fire station – the 90 l main compartment TROLLEYBAG EVO offers ample space.

No matter how heavy it is or how long the journey, the bag can be pulled comfortably like a trolley thanks to its sturdy, large wheels.

Large main compartment (capacity: 80 liters) is designed for storage of complete protective clothing. Boots or wet clothes can be stowed away inside of two closable synthetic bags, included in delivery.

Small front pocket provides space for storage of small items such as charge cable, wallet etc.

Thanks to sturdy rolls and rugged slide bars also stairs are no obstacle.

Features:

- padded main compartment (approx. 90 liters) with 2 inlying net pockets and 2 closeable, foldable synthetic bags in different colours

- exterior compartment (68 x 30 cm)
- Organizer-compartment (26 x 25 cm) with pockets
- Plastic pocket (9 x 6 cm) for labelling
- ergonomic carrying handle and trolley handle
- robust and big trolley-rolls and slide bars at bottom
- reflective stripes at two sides
- hook-and-loop straps (38 x 5 cm) at both sides

Scope of delivery

Bag and two closable synthetic bags, without any further or pictured supplies
