- ✓ immediate access: two elastic gear loops at exterior

ULTRA Holster: use case

ULTRA Holster: use case

ULTRA Holster

Description

Sophisticated holster, where tough-cut scissors and penlight can be safely carried.

Single 45 mm wide loop allows for the attachment of either a carbon monoxide detector, protective gloves or radio receiver. In addition, two elastic loops at exterior (left/right) provide space for torch, wooden wedges or similar items.

Scope of delivery

Holster without further or pictured supplies
